Table N° 1: NETWORK OF CITIES

## HEALTHY CITIES

Network	Website	Year of creation	Area	Nb of cities	Aspirations	Binding commitments	Regional Sub-networks	Specific committees	Leadership	Partnerships
WHO Healthy Cities	<a href="http://www.who.int/healthy_settings/types/cities/en/">http://www.who.int/healthy_settings/types/cities/en/</a>	1986	Health	>1000	The programme is a long-term international development initiative that aims to place health high on the agendas of decision makers and to promote comprehensive local strategies for health protection and sustainable development. Basic features include community participation and empowerment, intersectoral partnerships, and participant equity.		6 regional offices.			
Alliance for Healthy Cities	<a href="http://www.alliance-healthycities.com/htmls/about/index_about.html">http://www.alliance-healthycities.com/htmls/about/index_about.html</a>	2003	Health	176 cities	<ul style="list-style-type: none"> <li>- The Alliance is an international network aiming at protecting and enhancing the health of city dwellers through the "Healthy Cities" approach with the close collaboration with the WHO.</li> <li>- Its members are municipal governments, national governments, NGOs, private sectors, academic institutions, and international agencies.</li> <li>- The Alliance believes that international cooperation is an effective and efficient tool to achieve the goal, and promotes the interaction of people who are in the front lines of health issues.</li> </ul>	Through the network of the Alliance, it is hoped that its members cooperate and are inspired to make the best use of the Healthy Cities approach.	5 Chapters on 2 continents.	Local governments from various countries and regions will participate in the Alliance as a mechanism for improving their capacity to respond to health and quality of life needs through the Healthy Cities approach. The Alliance will provide opportunities to share experiences of Healthy Cities, recognize and promote outstanding practices and innovations within Healthy Cities, mobilize resources for Healthy Cities, and develop new knowledge and technology for the advancement of Healthy Cities through international collaboration.	Every 2 years the network is under the presidency of a specific city. Until 2018, the presidency is held by the mayor of Wonju City, Republic of Korea.	28 NGOs, 9 academic institutions, 3 National agencies, 2 Private sector, 1 Individual
The United States Conference of Mayors (USCM)	<a href="http://usmayors.org/">http://usmayors.org/</a>	1932	Health	1,407 cities	<ul style="list-style-type: none"> <li>- The USCM is the official non-partisan organization of cities with populations of 30,000 or more.</li> <li>- The primary roles of the USCM are to:               <ul style="list-style-type: none"> <li>o Promote the development of effective national urban/suburban policy;</li> <li>o Strengthen federal-city relationships;</li> <li>o Ensure that federal policy meets urban needs;</li> <li>o Provide mayors with leadership and management tools; and</li> <li>o Create a forum in which mayors can share ideas and information</li> </ul> </li> </ul>		No (the networks is centered on USA).	There are 11 Standing Committee that discuss, debate and draft the Conference of Mayors' positions: children, health and human services; community development and housing; environment; energy; criminal and social justice; jobs, education and workforce; among others.	Executive Committee (President, Vice President and Second Vice President)	3 elected affiliate organizations and 4 non-elected affiliate organizations
National League of Cities (NLC)	<a href="http://www.nlc.org/">http://www.nlc.org/</a>	1924	Health	>2,000 cities and town plus 49 state municipals leagues	The NLC is dedicated to helping city leaders build better communities. Working in partnership with the 49 state municipal leagues, NLC serves as a resource to and an advocate for the more than 19,000 cities, villages and towns it represents.		No (the networks is centered on USA).		Each 2 years the network is governed by a Board of Directors (22 members) who are elected during the Annual Business Meeting.	49 state municipal leagues, associate members, corporate

## WHO European Healthy Cities Network Annual Conference

8-10 December 2020 Virtual

**Healthy Cities in times of pandemic: protecting communities and building back better**

This will be the first Annual Business Meeting and Conference to be held in Phase VII of the WHO European Healthy Cities Network. The WHO European Network comprises almost 100 flagship WHO healthy cities. In addition, 30 national healthy cities networks in Europe have more than 1500 cities and municipalities as members. The Conference will review the actions undertaken by cities to respond to COVID-19 and explore the actions to build back better, in the context of Phase VII as well as national and international commitments.
